Principles of Interpretation

Proposition:

The New Covenant writers lived at the "CROSSROADS of COVENANTS" having been under the Old Covenant, and through the Cross, passing into the New Covenant. Therefore, New Covenant writers continually use Old Covenant language to describe New Covenant realities but PASS EVERYTHING THROUGH THE CROSS.

The CROSS is the "KEY"

OLD COVENANT

The Literal
The Shadow
The Historical
The Typical
The Promise
The Prophecy

National/Natural Israel

The Reality
The Fulfillment

Spiritual Israel

What it means to New Testament saints who live this side of the cross

1. What did it mean to Israel?
2. What did it mean in and to Christ?
3. What does it mean to the church?
